Supt. Barresi Report Card

Questions and Number of Respondents to each question.

Educators and parents around the state are waiting (yet again) for Superintendent Barresi and the State Department of Education to publish their version of an A-F report card evaluating each school district. In the spirit of mutual accountability, we want to know how the education community grades State Superintendent Barresi on her performance since taking office. Please answer the questions below to complete her report card!

COMPETENCY – How do you grade Superintendent Barresi’s job performance?

- 1) Her understanding of public education and the functioning of school districts**
(3,984 respondents)
