

JOIN THE OKLAHOMA EDUCATION ASSOCIATION

No one works harder to promote

PROFESSIONALISM

in education.

OEA offers free professional development for districts across the state, as well as conferences and leadership programming for members. Members also receive access to the latest opportunities through our email newsletters. At the local level, members bargain for better pay and better working conditions.

OEA offers real

PROTECTION

so you can focus on doing your job.

Even the best career teachers can find themselves trapped with their jobs on the line. The OEA legal team and professional staff is second-to-none. When you face a crisis, you don't want a cut-rate organization that doesn't return phone calls. You need real protection from real experts who show up.

OEA members believe in

ADVOCACY

on behalf of public education.

Public education is under attack in Oklahoma, and we must all stand up together for our schools. Keep up to date on the latest legislative events with free resources for members. Connect with other passionate advocates moving the needle on education policy. OEA members make it happen on the front lines.

Members have a real

VOICE

in OEA. We all own this organization together.

The OEA is a democratic organization, which means members decide how their organization runs, whether it's at the local level, the state level or the national level. Members set the budget, staffing, legislative goals and other business. That's how OEA has done business since 1889.
