TOGETHER. A STRONGER VOICE.

Who is OEA?

The Oklahoma Education Association (OEA) is our state's largest association for professional educators. We are part of the largest education association in the country, with more than three million members who work together to ensure all educators have a stronger voice.

Together, we are stronger.

What does that mean?

- We have the legally protected right to negotiate for higher salaries and improved working conditions for educators.
- We meet with lawmakers from both political parties to improve our daily lives as educators.
- We work hand in hand with school administrators and school boards to make sure our voices are being heard and respected.
- We make sure that educators have the resources you need to give students your best.

OEA Works With Our Members to Deliver Real Change.

- We listen to what our members need and work together to ensure those needs are met.
- We advocate for dedicated planning time and protect educators from after-hour work mandates.
- We band together to raise wages so that educators like us are paid closer to what we deserve.

While we have successfully negotiated for increased wages throughout the state, we recognize that educators are still not paid nearly enough. Being an educator is one of the hardest jobs in the world, and it has never been harder than right now. With more members like you, OEA will have an even stronger voice to impact meaningful change for the lives of educators and their students.
