OEA AUTOPAY FAQ

Q: What is AutoPay?

A: AutoPay is a convenient method to pay Association dues, including local dues, through automatic deductions from a checking or savings account, credit card, or personal/bank check. New Members enroll using the JoinNow portal and select an AutoPay payment option to pay their dues. Current Members use the eDues Self Enrollment site to pay their dues through an AutoPay payment option.

Q: Why should locals transition to AutoPay now?

A: If you are currently payroll deducting your dues, several people in your district's administration building know your membership status and how you are paying your dues. That should be your personal business and with AutoPay, your membership stays between you and your association. In addition, anti-public education politicians want to curtail your ability to pay membership dues through payroll deduction and every year, a bill is introduced that wants to limit or deny you this option. By switching now to AutoPay, you take this tactic away from legislators. OEA's transition to AutoPay is a powerful statement to legislators. If we make a stand, legislators must then focus on the real issues facing public education.

Q: Is AutoPay/eDues financial information secure?

A: Yes! AutoPay/eDues is PCI compliant with The Payment Card Industry Data Security Standard which is a set of requirements intended to ensure that all companies that process, store, or transmit credit card information maintain a secure environment. Financial information registered through direct pay is entered into a secure banking site. After financial information is entered, any paper forms containing financial information are shredded. Only the last four digits of credit card information can be retrieved for reference. Banking information is available to limited staff to process payments and assist members. No financial information is stored or accessible outside of the secure banking site.

Q: How often will dues be withdrawn/charged to my account?

A: The schedule for bank draft payments is set by your local district pay schedule. Options include a one-time withdrawal based on the first pay date of your local district pay schedule OR monthly withdrawals on your local pay schedule. Credit card and debit card payments may be made through one-time payment on the 15th of the month OR 12 monthly payments on the 15th of each month. Personal check or cash payments may be made through a one-time payment on or around September 22nd.
