VACANCY PROCEDURES *In the event a vacancy or opening in a teaching position arises; the following procedure will be followed:*

- A. *Notices of vacancies will be posted on the official bulletin board in each school office as soon as the administration is aware of the existence of such vacancies. Such notices shall contain the date of posting, a description of the position, location of the position, and date by which the application is to be returned.*
- B. *Teachers who desire to change their existing assignments may file a written statement of such desires with their building principal and with the superintendent.*
- C. *Reassignments shall be made with prior knowledge of the teacher involved.*

UNUSED SICK DAYS FOR RETIREMENT Once a teacher has accumulated 120 sick days, all unused sick days will be tracked and accumulated for retirement purposes only. This proposal will be retroactive for teachers that have already accumulated 120 sick days. The purpose of this proposal is to protect teachers that are eligible to retire from being penalized due to a serious injury or illness to themselves or immediate family member. If questions of abuse arise, the LGACT executive committee will investigate and make a recommendation to the superintendent. The superintendent will make the final decision to determine if an employee is entitled to use the extra accumulated sick days for retirement.

Except by an order of a court of competent jurisdiction, evaluation documents and responses thereto shall be available only to the evaluated teacher, the Board, the administrative staff making the evaluation, the Board and administrative staff of any school to which such teacher applies for employment, in cases of non-reemployment and dismissal of tenured teachers, and such other persons as are specified by the teacher in writing.

A true copy of materials relating to the disciplinary action of a teacher shall immediately be sent to the teacher. The teacher shall sign said materials and have the right to make written response to the disciplinary material. This written response shall also be placed in the file. If after three years the problem for which the teacher was disciplined has not reoccurred, the disciplinary material may be removed from the file at the request of the teacher. The superintendent must approve any documents removed from the personnel file. Any confidential information in the teacher's file will be placed in a separate envelope inside the file when agreed upon by the teacher and the superintendent. The administration shall advise secretaries performing administrative functions of the confidential nature of these documents.

The article does not prohibit the existence of an individual teacher file being kept by the principal in the office.
