ARTICLE 14

REDUCTION IN FORCE

I. Prompting Oklahoma Legislation

Oklahoma Statutes at Section 6-101.31 of Title 70, provide as follows: “The primary basis used in determining the retention or reassignment of affected teachers and administrators when a school district implements a reduction-in-force plan shall be the ratings of the teachers and administrators as measured pursuant to the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE) as set forth in Section 6 of this act.”

II. General

1. Reasons for a Reduction in Force. Any teacher in the District may be nonreemployed for the following fiscal year when the board decides that due to (a) a financial necessity or (b) a program change or (c) a decline in enrollment or (d) other business inevitability as determined by the board, a reduction in the teaching staff for the following fiscal year is necessary.

2. Definitions. For the purposes of this section, the following terms have the stated meanings:

a. Financial Necessity” means a reduction in the District’s financial resources that in the sole judgment of the board of education will result in a reduction in the District’s current or future operating budget.

b. “Program change” means any elimination, curtailment or reorganization of a curricular / instructional offering, program or school operation or a reorganization or closing of a school or a consolidation of two or more individual schools or school districts.

c. Declining enrollment” means a decrease in the District’s total enrollment or enrollment in a particular program or curricular / instructional offering which in the sole judgement of the board of education may adversely affect the District’s current or future funding and/or the necessity of maintaining certain current or future class sections or curricular / instructional offerings.

3. Criteria for Eliminating Positions. The primary standard in implementing any reduction in force shall be the maintenance of a sound and balanced educational program that is consistent with the functions and responsibilities of the District. In deciding which positions to eliminate, the superintendent and the board will consider the curriculum, instructional focus and the unique / multi-dimensional needs of students. Natural attrition will always be used as the first means of reducing the force.

III. Criteria for Non-reemployment of Teachers in Affected Positions

1. Once a determination has been made as to which positions should be eliminated then the primary basis that will be used in determining which teachers to retain in the affected position(s) will be the composite evaluation rating of the teachers holding such positions as measured (to the nearest hundredth of a decimal point) by the District's Teacher and Leader Effectiveness Evaluation System (TLE) for each year in which the TLE has been in effect. If the composite ratings of the teachers in the affected positions are identical then the following, in this order, shall control:

a. Seniority in the District. b. The number of certifications held. c. Total years of teaching experience. d. A lot drawing made by the Superintendent in the presence of an authorized

representative of the Newkirk Oklahoma Education Association.

IV. "Bumping Rights"

1. Only those teachers who have an average three year ranking that falls at the affective rating of 2.80 or above will be given bumping rights. If three years of rankings are not available, the district will use an average of available years. In order to bump, a teacher must be certified in the position they seek to move into and must meet all state and federal requirements necessary to hold that position.

2. In the event a teacher eliminated through RIF is certified to hold a position other than the one

being eliminated, said teacher may bump another teacher in that position, as long as the teacher has seniority over that person and has an average composite ranking score that is greater than the other teacher as measured to the nearest hundredth of a decimal point.

3. If the composite rating of the teachers in the affected positions are identical then the following,

in this order, shall control bumping:

a. Seniority in the District (as stated above). b. The number of certifications held. c. Total years of teaching experience. d. A lot drawing made by the Superintendent in the presence of an authorized

representative of the Newkirk Oklahoma Education Association.

V. Procedures For Reduction in Force

1. Action by Superintendent. The superintendent, upon receipt of the board's preliminary

15

determination of the necessity for a reduction in force, or upon the superintendent's own decision, shall submit to the board the superintendent's written recommendations for

eliminating particular teaching positions. In making recommendations, the superintendent (a) shall not be limited to considering only positions in the areas or programs designated by the board and (b) shall consult with each relevant principal and administrator in whose school or unit a position elimination is proposed and (c) shall take into consideration the criteria set out herein.

2. Action by Board. In the absence of a recommendation from the superintendent pursuant to this section, or when the board of education chooses not to accept the superintendent's recommendation, the board may initiate action without such recommendation provided that it adheres to the other provisions of this Reduction in Force Agreement.

3. Notice and Hearing Procedures. Prior to taking any action to non-reemploy a teacher due to a reduction in force, whether acting on a recommendation of the superintendent or on its own decision, the board shall provide written notice and a opportunity for hearing to the affected teacher: provided however, because the law does not provide nonrenewal hearings for teachers on temporary contracts, no hearing opportunity shall be afforded any teacher on a temporary contract with notice of the expiration of the temporary teacher's contract at the end of the school year being provided to the temporary teacher. The notice and board hearing procedures for teachers other than temporary teachers shall be the same as those provided by Oklahoma Law regarding non-reemployment of teachers. Notice of a recommendation of non- reemployment shall be given to the teacher prior to the applicable deadline set by law.

4. Board Hearing. At the board hearing, evidence may be presented by the administration and

the teacher, as to (a) whether a reduction in force is reasonably necessary and is being made in good faith and for the best interests of the District and (b) whether the recommendation to not renew the specific teacher is being made in good faith under this Reduction in Force Agreement.

5. Effect of Board Decision. The decision of the board based on the evidence presented at the hearing shall be final and non-appealable.

VI. Reemployment or Other Employment After Reduction in Force

1. Recall. For one school year after the effective date of non-reemployment due to a reduction in force, the board of education shall not fill positions eliminated through

16

reduction in force without first offering such positions to the non reemployed and eligible teachers. In order to be an "eligible teacher" for recall, the teacher, at the time of the reduction in force, must have had an overall composite evaluation rating, for the time

period used, of at least 2.80 on a scale of 5.00 and be certified and qualified to teach in the open position. Recall shall be in the reverse order of the reduction in force. In the event one or more teachers eligible for recall are equal in all criteria used in the reduction procedure, the superintendent / superintendent designee shall have authority to select the teacher believed to best fit the needs of the district.

2. Recall Procedures. The offer of reemployment shall be made personally and by certified mail, return receipt requested, and the teacher shall be notified in such notice that if the teacher wishes to accept, the teacher must do so in writing within five (5) calendar days of his receipt of notice. It is the responsibility of the teacher to keep full, accurate and current mailing addresses / phone numbers up-to-date with the Superintendent's Office of the District. Failure to receive acceptance within five (5) calendar days or rejection of the offer of reemployment eliminates all reemployment rights of the teacher.

3. Status After Recall. A career teacher who has been non-reemployed and who is then reemployed within one school year shall be reinstated as a career teacher. A probationary teacher who is non-reemployed but is then reemployed within one school year shall be given credit for the time already served as a probationary teacher for the purpose of determining eligibility for career teacher status.

Select Reduction in Force Provisions (Read entire agreement for a review of All Provisions)

Reasons:

- Financial necessity
- Program change
- Decline in enrollment
- Other business inevitability

Initial Criteria:

Natural attrition first

Note... there is no distinction between Probationary and Career under State statute beginning July 1, 2012; therefore, see provisions immediately below affect ALL teachers.

Non-reemployment of teachers:

- Positions identified; lowest composite evaluation rating of teacher is first to be RIFFED.
- If ratings are tied, then order of seniority, number of certificates, years teaching, lot drawing.

Bumping Rights:

- Only teachers at 2.80 or above have rights.
- If tied, then order of seniority, number of certificates, years of teaching, lot drawing.

Recall:

- On list for one (1) year.
- Only eligible if 2.80 or higher.
- Eligible if certified and qualified to teach in the open position (based upon areas of certification, not previous position held prior to RIFFING)
- Recall in the reverse order to the RIF
- Ties result in superintendent's determination of needs of the district.
