Teachers currently employed by the Mustang School District may request a transfer to any open position for which the teacher is highly qualified according to the following guidelines:

- Currently employed teachers may ask to transfer to open positions that occur before the beginning of the school year. First consideration will be given to current employees who qualify for the position. Upon determination that the teacher does meet the highly qualified standard, an interview or conference will be granted upon request. Currently employed teachers may fill out an internal application on the District website if they are interested in any open position.
- An open position shall be posted on the District website and notification of open positions shall be sent electronically to all staff. Upon request a brief job description, a statement of minimum qualifications and salary range (salary range should indicate if there is additional compensation for certain aspects of the position) may be obtained from the MPS Human Resources Department.
- When it does not conflict with the best interests of the District, open positions shall be filled by highly qualified voluntary transfers.
- When opening a new school, before staffing decisions are made, the district will communicate guidelines and timelines a semester before the opening of the school.

Article VI – Reduction in Certified Employees

Oklahoma Statutes Section 6-101.31 of Title 70, provide as follows: "The primary basis used in determining the retention or reassignment of affected teachers and administrators when a school district implements a reduction-in-force plan shall be the ratings of the teachers and administrators as measured pursuant to the Oklahoma Teacher and leader Effectiveness (TLE) Evaluation System as set forth in section 6 of this act."

In the event it becomes necessary to reduce the number of certified employees in any program, subject area or building, the Board shall follow the procedure below:

- A. Normal attrition throughout the district (retirement, resignations, and temporary contracts)
- B. Ratings of teachers as measured by the Oklahoma Teacher and Leader Effectiveness Evaluation System. Once a determination has been made as to which positions should be eliminated, then the primary basis that will be used in determining which teachers to retain in the affected position(s) will be the composite evaluation rating of the teachers holding such positions as measured (to the nearest hundredth of a decimal point) by the District's TLE System for each year in which the TLE has been in effect. When all factors under consideration are equal, seniority will prevail.
- C. Certified employees found to be in excess will be transferred, when highly qualified (Standard Certification) to fill vacancies in other buildings. (Transfers due to reduction of force will be considered prior to other consideration of transfers).

If normal attrition does not sufficiently reduce certified staff, career teachers shall be selected for release at the discretion of the Board after considering the following criteria in the order listed:

1. Certification and highly qualified status
2. The composite evaluation ratings of teachers holding such positions as measured (to the nearest hundredth of a decimal point) by the District's TLE system for each year in which the TLE has been in effect. (When all factors under consideration are equal, seniority will prevail).

Certified employees released as a result of Reduction in Certified Employees will be rehired in reverse order of release if his/her position or a similar position for which he/she is highly qualified becomes available the following school year. Failure to accept a position offered relieves the Board of any further rehire obligation to the released certified employee.

When a certified employee affected by the reduction in staff is rehired for the following school year, all seniority and benefits to which said employee was entitled to at the time of release will be returned to the employee.

Article VII- Notification of Assignment

Each teacher will be able to obtain his/her next year's teaching assignment prior to the last day of school. In the event a change in assignment or a significant change in duties within the assignment is made after that date, the affected teacher will be notified and promptly consulted. Any teacher affected by a change in assignment shall have the option to resign without penalty.

Article VIII – Teaching Facilities

The Board agrees to maintain health and safety conditions at each school site in compliance with applicable statutes and/or regulations. Teachers shall not be required to work under unsafe or hazardous conditions as determined by proper regulatory authority.

The Board shall continue in their efforts to provide adequate teaching facilities, copiers, clean and sanitary restrooms, running water in each building, teachers' lounge at each school site and access to a private telephone. Teachers should report concerns of inadequacies to the building principal in writing or e-mail.

Article IX- Right to Representation

Both parties agree that any conference or meeting between an administrator and a teacher is meant to be informative and/or productive. Administrators will make every attempt to communicate the purpose of a conference or meeting to the teacher beforehand and the teacher may choose to have a representative join him or her in the meeting. It is also understood and agreed to by both parties that there may be occasions when the circumstances may not allow for representation; however, at any conference or meeting between an administrator and a teacher scheduled for the purpose of reprimand or other disciplinary action or that involves teacher rights, either party may request a representative, OEA/MEA representative, fellow teacher or administrator to be present. If, during the course of a meeting or conference that was not scheduled for purposes of reprimand or other disciplinary action or that involves teacher rights, the administrator or teacher believes the conference or meeting is becoming confrontational or uncomfortable, the conference may be adjourned at any time by either party. The conference shall be rescheduled.

Article X – Activity Sponsorships

The Board shall make every effort to fill activity sponsorships on a voluntary basis. As a last resort, the principal shall appoint a sponsor or a one (1) year sponsorship. Teachers appointed to a one (1) year sponsorship will not be appointed to a sponsorship the following school year.

Article XI – Faculty/Administration Communication

The Mustang Board of Education and the Mustang Education Association encourage open communication between faculty and administration. Upon formal written request from a teacher, the administrator shall respond in a reasonable amount of time as to the action taken regarding the teacher's request.

Any conference scheduled for the purpose of reprimand or other disciplinary action or that involves teacher rights must be conducted in private with the right to representation as provided in Section II - Article IX.

Article XII – Class Size

The Board agrees to abide by current State Laws dealing with class size. The district mandated class size requirements will be made available to administrators and the MEA president at the start of each year.

When enrolling elementary students, principals will seek to maintain a balance in class size within the grade in his/her building as far as room limitations will permit and/or until the mandated class size limitation has been reached. However, the principal may assign a student to any class if he/she feels it is in the best interest of the child or the school district.

Probationary teachers shall be evaluated at least twice yearly, once during the fall semester and once during the spring semester.

Career teachers shall be evaluated once every year prior to May 1 of that year. Career teachers scoring an overall score of 3.8 or higher (Superior or Highly Effective) on their previous year's evaluation may be evaluated once every two years if mutually agreed upon by both the teacher and the evaluator. For the purpose of the evaluation, each certified employee shall be observed in the performance of his/her assigned duties. Evaluation procedures will follow the guidelines of the TLE. Prior to each formal observation, the evaluator shall contact the certified employee to set a date and time for the observation. A pre-observation conference shall be held if either the evaluator or the certified employee so desires. All certified teachers will be evaluated by a site administrator unless an emergency situation arises, in which case a qualified administrator may perform the evaluation.

Selection of the teacher evaluation system will be a collaborative effort between the Board, the Administration and the MEA. A copy of the completed evaluation report form shall be given to the certified employee within (15) working days of the conclusion of the final formal observations conference. An evaluation conference will be either held or scheduled at that time.

The District shall make every reasonable effort to give all necessary support and assistance to teachers with respect to maintenance of an appropriate learning environment in the classroom.

Article XVIII – Admonishment of a Teacher

If the administrator fails or refuses to admonish the teacher within ten (10) days after being so informed by the board, superintendent, or other administrator, such board, superintendent or other administrator shall admonish the teacher pursuant to the provisions of this section.

Each teacher will be granted ten (10) days of sick leave at the beginning of each year. Unused sick leave shall accumulate up to one hundred twenty (120) days.

An employee who utilizes sick leave on the first or last day of school, or the day immediately before or after Fall Break, Thanksgiving Break, Winter Break, and Spring Break must provide documentation from a medical care professional if requested by the employee's direct supervisor.

An employee who utilizes sick leave on Professional Development Days, Collaboration Days, and Teacher Work Days must provide documentation from a medical care professional if requested by the employee's direct supervisor.

At the time of separation from Mustang Public Schools, each full time teacher who has completed five through nine (5-9) years will receive twenty-five (\$25.00) per day up to a maximum of one hundred (100) days for sick leave accumulated within the MPS District. Part time teachers (those teachers who work at least three (3) hours per day) who have completed 5-9 years will receive twelve dollars and fifty cents (\$12.50) per day up to a maximum of one hundred (100) days for accumulated sick leave at the time of separation from Mustang Public Schools.

At the time of separation from Mustang Public Schools, each full time teacher who has completed 10 or more years will receive fifty dollars (\$50.00) per day up to a maximum of one hundred (100) days for sick leave accumulated within the MPS District. Part time teachers (those teachers who work at least three (3) hours per day) who have completed ten (10) or more years will receive twenty-five dollars (\$25.00) per day up to a maximum of one hundred (100) days for accumulated sick leave at the time of separation from Mustang Public Schools.

Sick leave may be used for bereavement, personal accidental injury, illness, pregnancy or accidental injury or illness of the teacher's immediate family. In addition to the uses listed above, a teacher who adopts a child during the school year shall be allowed to use up to thirty (30) days of his/her accumulated sick leave to stay home with that child provided his/her doctor advises the school in writing that it is in the best interest of the physical and/or emotional health of the mother and/or child that the parent stay home with the child during this time. After three (3) consecutive sick days have been taken a doctor's note/documentation may be requested by Human Resources. After eleven (11) annual sick days, doctor's note/documentation may be requested by Human Resources.

If, after exhausting all sick leave, a teacher is absent from his/her duties due to personal accidental injury, illness or pregnancy, the cost of a certified substitute teacher's pay will be deducted from the daily contractual salary of the teacher for the days the teacher remains absent, not to exceed twenty (20) days. After this time, a full-time teacher may request five (5) days maximum leave without pay or a leave of absence. When the teacher returns, the teacher shall be restored to a like position or to a position of like seniority, status and pay.

When a teacher is placed on an unpaid leave of absence due to illness, provisions shall be made whereby the teacher can arrange payment for professional organization dues and insurance programs if there is no conflict with the provisions of the insurance policy.

If a teacher wishes to change his/her absence form after it has been received and recorded by the Central Administration Office, the teacher must notify his/her building Principal within two (2) weeks after the teacher has received his/her copy of the absence form. All absences will stand as recorded after the two (2) week period has passed.

The Mustang Public Schools will grant up to 120 days of earned sick leave to any employee retiring from the system provided that they meet all guidelines established by the Teachers Retirement System, and that this statement shall not be construed as an increase in the current sick leave policy. In no way may these days be used as sick leave.

No leave will be granted to teachers for any activity that provides monetary compensation.
